EXTERIOR RIGID PACKAGING SOLUTIONS MEDBAG

ADR Compliant

LABELIANS lines

LABELIANS provides a wide packaging range to satisfy all your sample transport requirements

A compliant transport solution means :

- triple packaging in **compliance with ADR**
- to ensure **transport at the right temperature** to the laboratory, while ensuring the **primary samples integrity**

Accessories can be integrated to packaging MEDBAG **LABELIANS lines** to have rigid and flexible solution :

- To transport your biological samples in flexible secondary packaging
- To **save time and optimize your organization** in the daily rounds
